

About The Infinite Actuary

Since 2006, The Infinite Actuary has helped tens of thousands of actuarial students taking SOA and CAS exams. We offer comprehensive exam prep courses instructed by the most experienced actuarial exam instructors in the industry. Our products are available on demand, throughout the year.

MAS-II Course Assistant Position Details

The MAS-II Course Assistant will be responsible for answering student questions in a timely manner in the course forum, and for providing notification in a timely fashion regarding any student questions that the Assistant cannot answer. The Assistant will also provide miscellaneous course support, e.g., reviewing materials, producing LaTeX, writing practice problems, editing video etc.

Location and Hours

No specific location required. The MAS-II Course Assistant can work anywhere he or she has sufficient internet connectivity. The time commitment is 10 hours per week, with preference for candidates that are available to provide at 2-4 hours per week on weekends, and 1-2 hours on at least four other days of the week.

Qualifications

- Successful completion of the MAS-II exam. Preference for candidates with recent FCAS.
- Ability to provide clear typed answers to candidate questions in agreement with the explanations of the material provided in the course.
- Eagerness to learn new skills as needed for miscellaneous course support tasks.

Compensation

The MAS-II Course Assistant will be an independent contractor of TIA and receive \$1000 per month.
